

Crystal Reports Installation Procedure

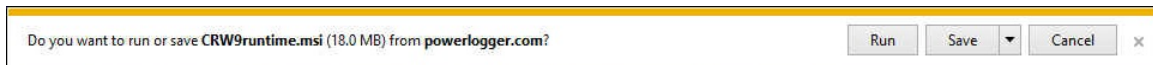

Crystal Reports needs to be installed in order to print **Morning and Well End Reports**.

Note: If you have Crystal Reports already installed from Version 6 through 2015 you will not have to reinstall.

Go to our websites download page <http://www.powerlogger.com/downloads.asp> and **Click** on the **Crystal Reports**—from the Executables portion of the downloads page.

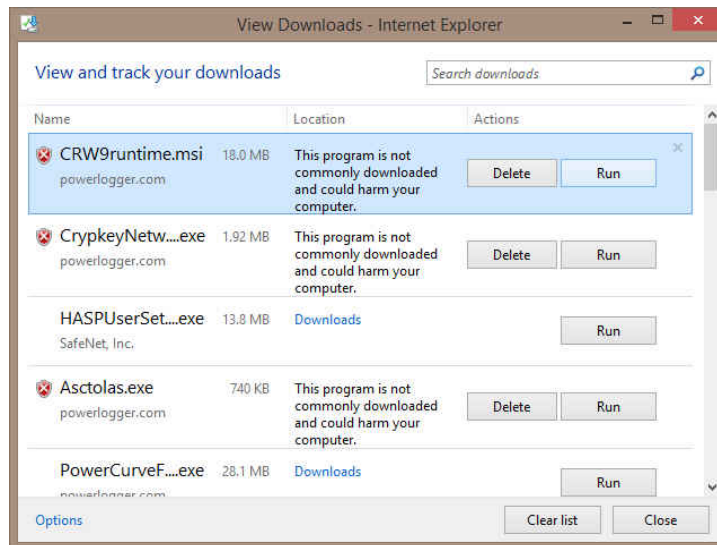

1. This will activate the file download for the **CRW9runtime.msi** file.

2. **Click** on the **Save** button and the file will be saved to your downloads folder.

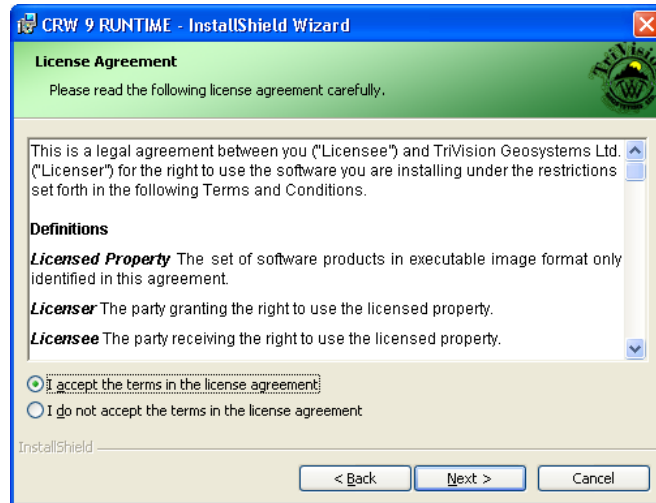

3. **Click** on the **View downloads** button. This will activate the View Downloads Window.

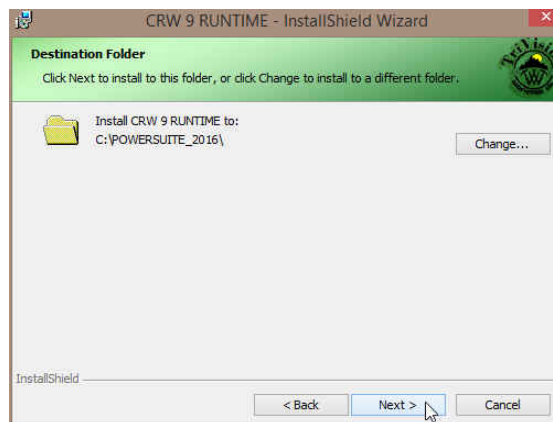

4. **Highlight** the **CRW9runtime.msi** file and **Click** on the **Run** button. This will start up the Install Wizard.

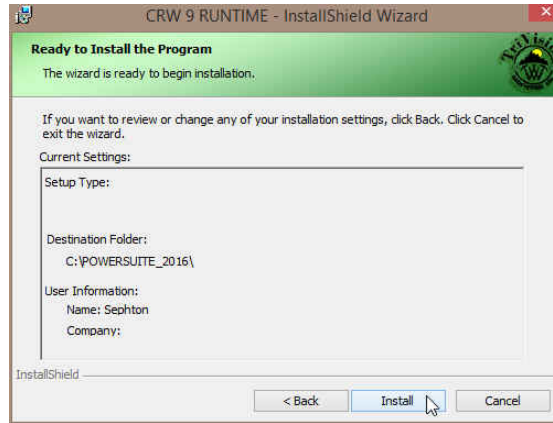

5. Click on the  button. This will activate the **License Agreement** window.

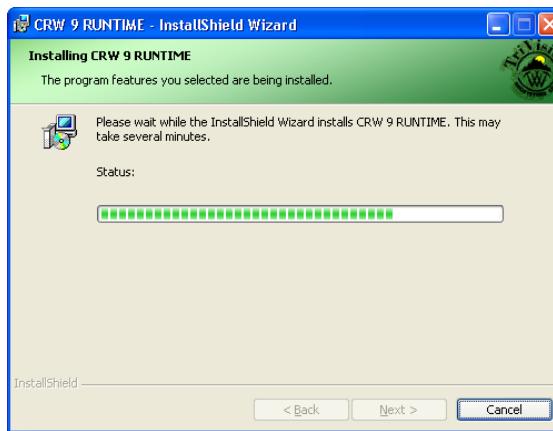

6. Click on the  beside **I accept the terms in the license agreement**. Then click on the  button. This will activate the **Destination Folder** window with **C:\PowerSuite_2016** as the default location.

7. Click on the  button, and the **Ready to Install the Program** window will be shown.

8. Click on the **Install** button, and the **Installing CRW9runtime** window will be shown.

9. After the installation is complete, the **Install Shield Wizard Completed** window will be shown. Click on the **Finish** button.

You will now have successfully installed Crystal Reports. This application will allow you to print our regular Well End and Morning reports.
